IEEE Reference Guide examples typeset with IEEEtranN-doi.bst

November 9, 2026

Each example of the IEEE Reference Guide, V 3.28.2025 is shown twice: as given in the guide ("Guide"; plain text, the guide's italics are not reproduced), and as typeset by IEEEtranN-doi.bst ("IEEEtranN-doi") from the matching entry of comparison/reference-guide-bibtex.bib. The entries were written for biblatex-ieee and converted to BibTeX fields; types without an IEEEtran driver are entered as `@misc`.
